

Announcements

Our Eldership, our teachers, and education committee are looking at ways that will enable us to resume all of our Sunday morning Bible classes, Wednesday evening classes and Sunday evening services the week of August 23rd.

This pandemic has been difficult in a lot of ways, but it has given us an opportunity to do some things that we might not have had the time for otherwise. In relation to that there are some changes that will be coming within the next few months about which the Elders would like you to know.

- At the end of August we are scheduled to have a new LED sign installed where the current pole sign is located
- We are currently working with a company to update and maintain our website to make it easier for users to navigate.
- After 30-plus years we will be updating the auditorium with new carpet and new seating. We currently have estimates from several flooring companies and will be proceeding soon.

Other Notes

“Thanks to everyone for the sweet cards, prayers, and words of encouragement during my recent heart procedure. They made a huge difference and hopefully, I'm on the mend.” – Millie Boothe

Reaching Farther

Be mindful of the fear that may be present in those we meet this week, and be ready to offer hope to them.

Moving Closer

Pray this week that God help us in managing our fear and our need for power and control.

Growing Deeper

Spend time this week reflecting on the images of God and Jesus that we find in Daniel 7.
